Information Technology Infrastructure and End-Users Support Services Contract

Issued by the National Labor Relations Board

**Solicitation Number
00-IT-SBA-0001**

The Project Agreement for the National Labor Relations Board's Information Technology Infrastructure and End-users Support Services Contract is being amended as a result of the questions submitted in response to the Project Agreement. The Project Agreement is amended as follows:

Section XII., "Format of Offeror Responses to Project Agreement", Part A, "Capability Statement" is amended to exclude the audited financial statements from the page count of the Capability Statement. The Capability Statement shall not exceed twenty (20) pages in length exclusive of the audited financial statements.

Section XII., "Format of Offeror Responses to Project Agreement", Part A, "Capability Statement" is further amended to indicate that the Capability Statement shall be comprised of four (4) sections rather than the five (5) indicated in the Project Agreement. The Capability Statement will consist of the following sections:

1. Brief History of the Company
2. Experience in Delivering Similar Services
3. Corporate Infrastructure and Resources
4. Financial Statements

Section XII. "Format of Offeror Responses to Project Agreement" is amended to read that "seven (7) copies of all documents shall be submitted in paper form (see Page 13 of 18)
